Franny's To-Do List

Franny wants to get a lot done this weekend.
She made a list of things she needs to do.

	Franny's To-Do List
<input type="checkbox"/>	• Put pictures in photo album.
<input type="checkbox"/>	• Finish reading book.
<input type="checkbox"/>	• Buy presents for Kate, Wong, and Tia.
<input type="checkbox"/>	• Put CDs on rack.

1. Franny wants to place the remaining 64 photos in a large photo album. She has 5 pages left in the album. About how many photos does she need to place on each page?

2. Franny has to read 113 pages to finish her book. She plans to spend 4 hours reading. About how many pages should she read each hour to finish the book?

3. Franny wants to spend an equal amount of money on the presents for her 3 friends. If she has \$62, about how much money can she spend on each present?

4. Franny's new CD rack has 7 rows. If Franny has 139 CDs, about how many can she put on each row?
